REPORT OF TROY FIRE DEPARTMENT

At the end of the fiscal year we had no disastrous fires. We had a lot of minor fires, auto accidents, and resuscitator calls. The new Fire Truck arrived in July and we had a few problems which were taken care of by Maxim Motors. Pump classes were also held on the new truck which was a State Instructed Course given by Chief Robert Callahan of the Southwestern Mutual Aid System.

We also had some men attend Fire School at Meadowood to train them on different types of fires and to help make us a better fire fighting unit.

The Board of Engineer's and Fire Department want to thank the Town's People for the sum of money for the water to the Fire Station which was a big help.

As you all know we are having trouble with the alarm system. We hope to replace some of the wire to the boxes and replace part of the decoder.

We the Board of Engineers and the Fire Department wish to thank the citizens for their help to prevent and combat fires.

Respectfully submitted,

Gay-Kimball Library Trustees

REPORT OF THE TRUSTEES OF THE GAY-KIMBALL LIBRARY

Year Ending December, 1972

The trustees thank all of those who gave so generously of their time and efforts to assist in the work of the library. The Ripley Reading Room was officially accepted as a gift to the people of Troy from Mr. and Mrs. George K. Ripley last October. This beautiful room is now available for use during the regular library hours.

Mrs. Joseph Lagrenade who has been the librarian for the past twenty-seven years resigned during the year. Mrs. Lagrenade's dedication and open-handedness will not easily be replaced. We are pleased to have had the able assistance of Mrs. Avis Harling as acting librarian since July.

The Gay-Kimball library has been and will continue to participate with several other area towns in the regional program for children known as "Adventure Time." Special efforts have been made this past year to augment the children's book section of the library.

It has been a concern of the Trustees that too few of the townspeople take advantage of the facilities and services available at the library. In addition to having on hand a large col-

lection of current best-sellers and recognized classics, the library will also furnish the following:

Loan of latest periodicals, such as, Reader's Digest, News-week, N. H. Profiles, Consumers Reports, various Federal and State Government Publications.

Free full length movies available from the State Library.
A large collection of records — Country, Western, Modern, and Classical.

Several large print, popular classics.

Talking books for "shut-ins."

Supplemental readings for college students available on a semester loan basis.

Listings of social services and college activities in the area.

Full use of N. H. State Library services.

We sincerely hope that this partial listing of the items and services on hand for your use will encourage more people to visit and use the library.

Chairman

REPORT OF POLICE DEPARTMENT

To the honorable Board of Selectmen and the citizenry of Troy, N. H.:

I hereby submit the annual Police Department report for the year ending December 31, 1972.

This past year was a very busy and eventful year for the department. The events and trends of other towns and cities, the whole nation, regarding crime and other problems are experienced in the town of Troy also.

During this past year there has been indications that some people are not aware of all the activities and functions this department is involved in. In a brief resume I will outline work in several areas. First there are the normal duties of maintaining the peace and the protection of lives and property. The problems of law enforcement, however, are becoming increasingly more technical and the fact is not obvious by reading a list. Law enforcement in New Hampshire like everywhere, includes investigative and prosecutive functions. The Legislature writes the criminal law. The Court interprets them. It then becomes the work of the law enforcement official to see that they are complied with. While this country is made up as a government of law and not men, enforcement of complete criminal law is an impossibility. Most is left to the discretion of the local police officers, in regard to whether to bring charges or nolle prosequere charges for reasons that justice will best be served.

In towns throughout New Hampshire there are one or more police officers. All officers by virtue of their appointment are constables and have the power and duty to arrest and preserve the peace. Their authority extends only within the town in which they are a police officer and not beyond, except under conditions such as a warrant has been issued.

The State now has a police standard that requires a certain amount of training in order to become a police officer. This

is to upgrade law enforcement agencies. This department is participating in this program by taking a course put on by the Mount Wachusett Community College. The course objectives are to introduce the officer to investigative methods employed by various agencies in criminal investigations.

Also this department is in the process of setting up a records system.

Following to the best of my knowledge is a summary of calls, which have been investigated by the department during the year.

TROY VISITING NURSE ASSOCIATION

The Troy Visiting Nurse Association has just completed 52 years of continuous service to the Town of Troy. This service has also been extended to the Town of Fitzwilliam for the last several years.

Our program provides skilled nursing care and treatment under a physician's orders. A fee is charged for this service. We also have a physical therapist under contract with us to give therapeutic service.

In accordance with State Public Health policies, visits are also made to individuals at no cost for the purpose of Health Supervision and providing pre-natal, post natal and adult health advice.

Immunization clinics are held every year and are free to pre-school children.

TROY WAR MEMORIAL 1972

To the taxpayers of Troy, this will be my last report for the Troy War Memorial Program. I have worked four years with this program and now I feel it's time to step aside and let a person with new and fresh ideas come in and further the program. The past four years have been enjoyable for me.

We finally got the diving board up. Wow!

Again thanks to Paul Breckell and his staff for having another fine year. There will be more about the program in Paul's report.

I would like to thank everyone that helped us with our program this year and for the past four years.

We truly should be proud of our town's effort in having such a wonderful program.

I am planning to stay on the War Memorial Committee until such time that the new chairman is familiar with our Sand Dam.

At this writing, I am in the process of trying to receive federal money from the State of New Hampshire Dept. of Resources and Economic Development to help the town to further develop and improve our summer program.

The Dept. of Resources and Economic Development works on matching funds. For every one dollar we raise for projects, the Dept. of Resources and Economic Development will give us one dollar.

With any luck, I will have an article in the warrant trying to raise a sum of money for this purpose.

If the taxpayers of Troy and the Dept. of Resources and Economic Development are both agreeable, we will have some major improvements at the Sand Dam.

Respectfully submitted,

FRANK J. OBUCHOWSKI,

Committee Chairman

ABOUT SELECTMEN

New England towns had Selectmen before they had paved roads, indoor plumbing, or forced hot water heat, but somehow or other Selectmen remain one of the most misunderstood, maligned groups of public officials today.

Perhaps it's the influx of "city people" moving out to the suburbs from Boston, or the "foreigners" (people from West of the Connecticut River) who now make up a great part of the suburban population.

Many people think a Selectman is someone you call when your neighbor's dog bites you, or the garbageman spills his bucket on your front lawn, or when the snow plow blocks your driveway after you've just shovelled it out.

Most Selectmen will listen to these gripes and even try to help you out. But their duties lay primarily in other fields. They are the joint executive authority of the corporate body known as a "town" in New England.

To be a Selectman takes a rare combination of qualities. First and foremost, one has to be a little bit crazy to be a Selectman. Why? Probably because you must plan to spend anywhere from \$50 to \$500 to get elected to a job which pays an average of \$10 a week, or about 50 cents an hour, as some Selectmen have figured it.

If you do get elected, you're entitled to sit with two or four colleagues at Town Hall once a week, and listen to the collected gripes of the citizenry. During the course of a year, a Selectman will sit and hear himself called just about every name you can think of, and a few more that you can't. He gets calls at all hours of the day and night about lost dogs, and children. His weekends are taken up dedicating new buildings, officiating at tree planting ceremonies, and checking on requests made during the week.

And through all this a Selectman must be courteous, kind, and cheerful — if he expects to be re-elected by the voters. Because on election day, the voter will remember each affront, minor or major, intended or unintended.

So a Selectman must be something of a diplomat and amateur psychologist. He must be able to call everyone in town by his or her first name, know them well enough not to pass them by on the street without saying "hello" or "good morning."

And he must acquire a specialized body of knowledge, necessary for the performance of his duties. He must know how a dump works or doesn't; who collects the garbage and rubbish and when; why such and such a street is paved or isn't; and a million and one other items of information.

Why does anyone bother to be a Selectman? Most people will tell you they get graft, money under the table, or kickbacks. That's doubtful. Have you ever seen a rich Selectman who wasn't already wealthy when he took the job? In fact, just the opposite is true in most cases. A Selectman actually loses money while in office. If you figure his time at the minimum wage of \$1.60 an hour, add in the cost of campaigning, the extra gas, the extra telephone calls, it doesn't come anywhere near what most Selectmen receive in payment for their services.

So the next time you feel mad at the town and feel the urge to call your Selectman, wait a minute. Think. Get your story straight, and if you still feel the urge to "tell someone", at least be polite to the poor Selectman. If he's a good one, he's a rare bird, and you should be nice to him.

If he's a bad one, then maybe you ought to run yourself — that is if you're ready to work for 50 cents an hour, be yelled at, complained to, and whispered about. And if you know the workings of town government "like the palm of your hand". And if you're public-spirited enough to sacrifice your time and money to do an almost thankless job, then you might be sued.

Report of the Forest Fire Warden and District Chief

In New Hampshire, forest fire control is a cooperative State-town program. The Town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's Division Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most forest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews, and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 A.M. and 5:00 P.M. unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disastrous and devastating force. Only you can prevent a forest fire.

Number of fires reported and acres burned — 1972 season:

STATE — 410 fires — 361 acres burned

DISTRICT — 30 fires — 26½ acres — 26 spot fires

TOWN — 2 fires — 3 acres

JAMES E. CALLAHAN, Forest Fire Warden

ROBERT BURNS, District Chief
